New Advertisements.—The attention of our readers is specially directed to the following advertisements, which appear for the first time in our paper to-day.

Groveson's Piano—Groveson & Co.
Sewing Machines—Empire Co.
Married Life—Jas. S. Butler.

FINGERS CRUSADE.—On Monday evening, the 15th inst., a son of Mr. Henry Sargent, aged ten or twelve years, inadvertently allowed his left hand to be caught in a cage crusher. It was mangled badly and the three fingers were amputated by Drs. Ross and Throckmorton. Only the day before, the young child of the same family, was severely scalded.

Williams Pure Coal Liver Oil and Linseed oil for Consumption for sale at G. W. Roberts & Co.'s Drug Store.

JAW FRACTURED.—On Tuesday morning of last week a small boy of Wm. Ingram's, of Franklin tp., whilst driving some horses from a field was kicked on the jaw, fracturing it in two places and dislocated several teeth. Dr. T. W. Ross was called and dressed the wound. He reports him doing well.

Robertson's Liquid Detritive for cleansing and preserving the teeth for sale at G. W. Roberts & Co.'s Drug Store.

Orans (twenty-seven) convicts that escaped from the Mountainville penitentiary on 2d of August, fourteen have been re-captured.

Counts a number of business men in the town try to do business without advertising, but it's no go. Their stores are empty, sad, as some of their clerks declare, not enough money in the drawer to cover expenses.

Paints and Oil of all kinds, for sale at G. W. Roberts & Co.'s Drug Store.

The copperheads of Reading had a heap of trouble to find one of their number on the night after they understood being a cannon. A good natural, veteran of the Union army came along and seeing the "strangers" who were in, kindly volunteered to instruct them in the art.

A new assortment of Fancy Soaps, Hair Oil and Perfumes at G. W. Roberts & Co.'s Drug Store.

JEFFERSON FAIR.—Last Thursday and Friday witnessed the annual Fair given by the Jefferson Agricultural Society, at Jefferson. In company with many Republicans of our County, notwithstanding no invitation was extended by the Society, we made it convenient to be present on the first day. Both days were most beautiful, the fairest possible, and we noted the largest number of people in attendance that we ever recollect of seeing at a Jefferson Fair, strange to say, a great proportion were Republicans, come unbidden. More surprising still, when purchasing an entrance ticket, no objection was offered to taking out half dollar. Summarizing something was wrong, we waited until we saw scores of Republican half-dollars go to the till and the former possessors had to give up without being interrogated as to their politics. This emboldened us and we entered uninvited. The display inside was not at variance with previous observations, with perhaps, one exception. Much was exhibited on the Domestic table, of vegetables, grains, fruits, etc., that elicited the admiration of the spectators and spoke highly of the enterprise, taste and skill of the exhibitors—nothing, however, was labelled as "Democratic bracts," "Democratic butter, etc., which compelled the thought that was at least as "Abolition." In the mechanical line, was there any thing?—our memory fails us if there was. The exercises in the ring, the racing and trotting matches were exciting and created considerable interest. Jim Stephen's show at Republicana, by the way, carried off the premium successively, amid the plaudits of the crowd. Old, fat, pacing and trotting animals were contestants. The only thing we did see conducted on the Democratic principle, and the exception referred to was the show of the "Black Crook Minstrels." They seemed to be solely for the entertainment of the negroes, and the crowd constantly streaming in and out rivalled in description, but that ever "thing entered" or "Navy's Muse."

For a large assembly there was very good order during the day. Tanglefoot was a good conductor, and did not show only a few bloody noses. We think it was agreed to "save up" for the "big jointion" next Thursday night.

The "National Brass Band" of Waynesburg, deserves especial mention for the charming music discourse on the grounds.

Our remarks create any necessary uneasiness in the minds of the managers, we beg to stay it by assuring them they are given gratis,

Grimes has the largest stock of Goods in the County!

A GENTLEMAN of great medical knowledge says that a man's general, wholesome and effectual tonic and appetizer than Drake's Celebrated Plantation Balsam was never discovered. He recommends it for Dyspepsia, for Liver Complaint, for Exhaustion, Weakness, for want of Appetite, and for Mental Depression. It is an agreeable stimulant, and is equally adapted to young and old. Persons of sedentary habits, elegyman, lawyers, merchants, and delicate females are particularly benefited by its use.

MAGNOLIA WATER.—A delightful toilet article—superior to Cologne and at half the price.

The best time to repair, dilapidated, and leaky roofs, is the present time.

HIGHWAY ROBBERY.—The Washington Reporter, of last week, tells of a daring highway robbery perpetrated on Friday night, near Washington borough, the victim being Dr. McDonough, an old citizen of Washington. It appears that the Doctor, who has recently removed to a location some ten miles from the town, was in town during the day and drew from bank \$200, which he had on his person when he started home. A short distance out of town he was assaulted by two or three robbers, who dragged him from his horse, and rifled his pockets. The horse got away during the scuffle, so that the Doctor had to borrow a horse to ride home.

40 kegs new White Lead just received a G. W. Roberts & Co's Drug Store.

FOR THE REPUBLICAN.

Mr. MORRIS—DEMOCRATIC JUBILEE.—

"When out the hellish legision said."

Mr. ENDOW.—It may be that you, and the readers of your excellent paper, will not object to hearing from Perry tip., occasionally, if so put me down on your list of "locals."

HOW. GEO. V. LAWRENCE was at the Jefferson Fair, and met with a hearty welcome from his many friends there.

THERE'S "no discount" on Guile's Goods.

A GOOD HOTEL.—We have called the attention of our readers before to the merits of the "Sherman House" kept by Mr. Thomas Bradley in our town. With pleasure we repeat it again and speak "what we do know" when we say that it excels in everything pertaining to a first class house for the entertainment of the public. Everything is in order, it is quiet, neat and cleanly. The host is accomodating and the table—well, what is it that "Tom's" wife can't do in the culinary line? Meals are prepared at all hours and an excellent dish of oysters may be had at any time. Good stabling attached to the premises. When you come to town give him a call. Home formerly occupied by the "Messenger Office," opposite Sayers' corner.

GO to Guile's and buy Cheap Goods.

WHO DID IT?—The Cleveland Herald accounts for the defeat of the suffrage amendment as follows:

"There was a very heavy vote polled against the amendment by young men—particularly such as were casting their first vote—out of sheer prejudice against the negro—an unwilling impulse, that partook more of the element of mere pride of opinion and ambition to be thought independent in political sentiment than of any solid conviction of duty. Personally those voters cared not little about the master, and did not care to use any arguments, save that they would not go to the nigger."

This next term of Waynesburg College will open on Monday, November 4th, 1867.

NOW is the time to plant fruit trees, grapes, raspberries, and so forth.

Married.

Died.

MEIGHEN.—Mr. Peter Meighen, an aged and worthy citizen of Gilmore tp., this county, died recently.

THE MAGNITUDE of the conterfeiting 7-30 bond fraud is steadily developing itself. From a special dispatch we learn that where these bonds have been traced to the original, responsible holder or banker, it is ascertained by detective that some unknown man, disguised, of course, and using an assumed character, sold the bonds to said responsible person, bank, banker or broker, whilst other parties made off with the proceeds of the sales. It is estimated that Baltimore capitalists lost about \$25,000; Philadelphia, \$20,000; New York, \$8,000; Boston, \$15,000; Louisville, \$130,000; St. Louis, \$200,000; and Chicago \$150,000. This estimate reaches nearly \$1,100,000. Other large cities in the North and South have yet to be estimated, but the figures from the Southern cities it is thought will be large.

PERSONAL.—William H. Gerbrick, late a soldier in the Fifteenth Iowa, gives information of his father and mother, Jacob and Mary Gerbrick, formerly of Somerset and York counties, Pa. When last heard from, in 1847, they were in Pittsburg, Pa. Any information will be gladly received by their son, William H. Gerbrick, Chicago, Ill. All papers in the United States are respectfully requested to copy.

Pennsylvania has elected Sharswood by barely seven hundred majority in a poll of over 500,000 votes. We detect any intelligent politician to say he believes that this approaches the number of Republicans who gave him personal grounds. Pennsylvania, a full vote, is solidly Republican.

Squirrels—the fact is, they are becoming a gaudy nuisance, and persons of sedentary habits, elegyman, lawyers, merchants, and delicate females are particularly benefited by its use.

MAGNOLIA WATER.—A delightful toilet article—superior to Cologne and at half the price.

Are you want you will find at Galt's.

McKee's—A good room fitted up for board would be a source of comfort to our citizens and a good thing for the owner provided it was well kept. There is another modesty making scheme that it would require little money to put into effect.

PEACHES are cheap in some parts of Michigan that thousands of bushels will rot under the trees. They are to be had in endless quantities at from twenty-five to fifty cents a bushel.

A GENTLEMAN of Liverpool, has invented a machine by which he can simultaneously take fifty photographs of a person or object.

NOTES FOR WAYNESBURG TAXES. It.—We have long thought of proposing to whoever has the nerve, the project of constructing a Skating Park for Waynesburg and vicinity. It only requires a suitable spot, (the meadow below the stone bridge, east of town, is the best, we know of at present,) a few days of labor and small outlay, to make what would prove a good investment. Season tickets to the number of two hundred could be sold for four dollars each, which would be sufficient for present uses, and there can be no doubt it would yield a good revenue during the skating season. Uniontown has tried it and succeeded, Washington has one and delighted. What man, or men will put their hand to the task?

Yes, telliegent suffrage.
